Structure, governance and management

Governing document

The Church of Jesus Christ of Latter-day Saints (Great Britain) ("The Charity") is an unlimited company and a registered charity. The Charity is governed by its Memorandum and Articles of Association which were last amended on 4 July 2012.

Appointment of trustees

As set out in the Articles of Association, new or additional directors (trustees) are to be appointed by the shareholder (Corporation of the Presiding Bishop of The Church of Jesus Christ of Latter-day Saints), providing such persons are willing so to act either to fill a vacancy or as an additional trustee.

The shareholder will also determine the rotation and time in which trustees are to retire. Currently no term is fixed to the term served. Trustees shall not be less than two or more than seven in number.

The shareholder may, from time to time, vary the minimum or maximum number of directors (trustees).

Trustee induction and training

New trustees undergo an orientation day to brief them on their legal obligations under charity and company law, the content of the Memorandum and Articles of Association, the committee and decision making processes, the business plan and recent financial performance of The Charity.

During the induction day they meet key employees and other trustees. Trustees are updated and advised on legal issues by Devonshires solicitors.

Organisation

The parent organisation of The Charity, The Church of Jesus Christ of Latter-day Saints ("The Church"), is directed by the First Presidency supported by The Quorum of the Twelve Apostles and various quorums of the Seventy. Members of these quorums are called General or Area Authorities, three of whom will be assigned to serve as an Area Presidency within a specific geographic area.

Throughout the world a number of Area Presidencies are assigned to administer the day to day affairs of The Church on behalf of the First Presidency. One of these Area Presidencies is based in Frankfurt, Germany and has the responsibility for the administration and operation of The Church in Europe. The Europe Area Presidency provides ecclesiastical direction for The Church in Europe and oversees The Church's lay ministry.

Ecclesiastical direction is channelled to The Charity via the shareholder and is reflected in the various department budget requests which are reviewed by the trustees annually prior to them being submitted to Church headquarters for approval.

The Charity also administers operations in France.

Structure, governance and management (continued)

Within this framework, the board of trustees administers the affairs of The Charity. The board meets at least twice a year. Department heads submit reports and budget requests to the trustees for approval in or around October each year. In or around March each year department heads report to the trustees on the prior year's financial performance and achievements.

In addition, the trustees monitor progress and achievements throughout the year and other trustee meetings are held as necessary.

Employees

The Charity has the policy of ensuring that its employees are those that are able to meet the necessary requirements of their position and are up to date on any developments required for their position. This is achieved in a variety of ways:

- Applications for new positions in The Charity are invited from anyone with the relevant qualifications. The key selection emphasis is on the applicants' ability to meet the requirements of the position with reference to qualifications and prior experience. In December 2008, in response to the impact of the economic environment on operations, The Charity initiated a hiring freeze with the result that resigning or retiring staff would no longer be automatically replaced. This hiring freeze continued throughout 2013. In the future, whenever a vacancy does need to be filled, preference will be given to selecting from existing employees based on their experience and relevant qualifications. Only in exceptional circumstances is it expected that new external hires will be considered for needed vacant positions.
- The Charity utilises regular staff meetings during the year which help to ensure that the employees' input is received regarding any decisions which affect their interests. In addition, there are websites and e-mail facilities available to enable more effective communication and training. This helps to ensure that employees receive systematic updates on matters concerning them as employees and ensures their involvement in relation to the financial and economic factors that affect the performance of The Charity.
- In addition to the above points, The Charity is mindful of the need to cater for those with illness, medical conditions or disabilities. Applicants for new positions in The Charity are requested to provide information the employer would need to be aware of in order to make reasonable adjustments should they be successful. Where any employees become incapacitated during their employment they are entitled to receive long term disability benefits from The Charity. Where an employee becomes disabled but not incapacitated the employer will make any reasonable adjustments necessary. On training and career development issues, there is no distinction made between disabled and non-disabled employees. The same opportunities are available to all staff, irrespective of disability. The key emphasis is on the technical ability of each employee.

Related parties

The Charity has a close relationship with its sister charity the Irish Association of The Church of Jesus Christ of Latter-day Saints ("The Irish Association"). There is regular cooperation between the charities.

Objectives and activities

The Charity has the general aim of assisting The Church to grow its membership and to provide facilities for them and to reach out and work with, and provide services to, the wider community. The Charity assists members of The Church and others in need of religious assistance or in conditions of need, hardship, sickness or distress.

The object of The Charity is:

To promote and further the religious and other charitable work of The Church of Jesus Christ of Latter-day Saints in the United Kingdom and elsewhere.

The Charity achieves this in the following ways:

Provision of facilities for religious worship

One of the primary objectives of The Charity is to provide temples and meetinghouses to enable religious worship to be undertaken by members of The Church and others. Worship services are held each Sunday in meetinghouses. The Charity has the responsibility of construction of new meetinghouses where the need arises. It deals with external contractors, architects and other consultants directly to achieve this goal.

Religious education

Worship services are held each Sunday in meetinghouses whereby members and non-members are invited to attend and learn about Jesus Christ and how adopting his teachings benefits all. These services are open to the public. Various other meetings are held throughout the rest of the week.

The smallest congregation in The Church is a Branch. Larger congregations are called Wards. All members of The Church belong to a designated Branch or Ward. Groups of Branches and Wards are called Districts or Stakes. These are created to facilitate the administration of The Church.

The Church has no paid ministry and thus local members fill leadership positions. Men and women volunteer their time to serve in whatever position they are called.

Ecclesiastical functions in the various congregations are carried out on a volunteer basis. Administrative support and ecclesiastical direction is provided from The Church's European headquarters in Frankfurt, Germany (from August 2008). Prior to August 2008 ecclesiastical direction and administrative support had been provided from Solihull in the West Midlands.

Objectives and activities (continued)

Religious materials

The Charity supplies certain religious materials at no charge to members of The Church and others to help them in their Church work and to improve their learning. Magazines and other religious training materials are also contained on The Church's United Kingdom and worldwide websites (www.lds.org.uk and www.lds.org).

Missionary work

A key objective is missionary work and The Charity assists in the funding of missionary activities in the United Kingdom. Missionaries will teach people about The Church and also undertake service projects in the local community.

Family history

The Church places great religious significance on tracing family history. Within the community there is also a wide interest in genealogy. The Charity continues to be committed to improving facilities within its Family History Centres throughout the United Kingdom and Ireland.

Upon request, The Charity also makes available microfilm and microfiche records from the extensive libraries held by The Church. Family history research (researching genealogy) remains a major interest and hobby for many people in Great Britain. On-line resources including searchable databases and images of original records, continue to grow at pace. Access is available to the world's largest free genealogy library where more than 20 billion records can be studied.

One of the aims of the Family History Department is to deliver more records, to more people and faster, by providing timely access to the broadest set of family history records possible.

There are no paid employees in Family History Centres. They are staffed by volunteers, with 95% of these being members of The Church.

Work in the community

The Charity encourages members of The Church to become actively involved in their local community and provide training materials to assist with this. The Charity also arranges a 'National Helping Hands Day' where members of each Ward and Branch perform a pre-arranged service in the community.

Public Affairs

The Charity undertakes certain public affairs projects during the year to ensure that the general public has a clear understanding of what The Church teachings stand for.

Objectives and activities (continued)

Encourage welfare principles

The Charity encourages members to become economically self-reliant through employment, education, and maintaining food storage. A large amount of the responsibility for this rests with the Employment Resource Services department. This department is managed by two full-time employees of The Charity, an Employment Resource Services manager and an associate manager.

Public benefit

The trustees have read and given due regard to the guidance on public benefit published by The Charity Commission in exercising their powers and duties, including the supplementary public benefit guidance for charities whose aims include advancing religion.

Achievements and performance

Objectives and activities

The Charity has the general aim of assisting The Church to grow its membership and to provide facilities for them and to reach out and work with, and provide services to, the wider community. The Charity assists members of The Church and others in need of religious assistance or in conditions of need, hardship, sickness or distress.

Membership

Church membership in the United Kingdom stood at 187,421 at 31 December 2013 (2012: 188,462).

Provision of facilities for religious worship

At year end there were 45 stakes comprising 333 Wards and 50 Branches (2012: 45 stakes comprising 286 Wards and 49 Branches). At year end 2013 The Charity owned 272 (2012: 296) meetinghouses accommodating the Wards and Branches. For those congregations not yet qualifying for a purpose-built meetinghouse, facilities were either leased or rented to accommodate such units of The Church. During 2013, The Charity leased or rented 31(2012: 37) premises to house an equal number of Wards and Branches that do not yet qualify for their own meetinghouse.

In 2013 the following building-related costs were incurred:

Real Estate Projects

There were no real estate sites purchased during the year.

Meetinghouse Addition Projects

Highlights of key projects in the year are disclosed below:

1. Additions completed in 2013 – Kettering	£ 1,088,338
2. Additions design started in 2013 – Poole, Douglas, Chorley, Huntingdon	£ 5,063,796

Operational costs include: Cleaning, Minor Maintenance, Grounds Care, Phone, Utilities, Administration Costs and Rents. Total operational square feet = 2,089,602	£ 11,557,817
---	--------------

New Meetinghouse Projects with full expected costs

No new meetinghouse construction projects were completed in 2013.

New meetinghouse construction projects have started at: Salisbury Chesterfield	£ 2,346,455 £ 2,600,000
Total	£ 4,946,455

Missionary work

During 2013 there were 1,712 convert baptisms in the United Kingdom. The Charity continues to assist with the funding of missionary programmes.

In all, there are currently 6 missions in the United Kingdom. Each mission has a financial secretary to administer the financial matters of that mission. In addition, there is financial and administrative support given from the head office at 751 Warwick Road, Solihull and Area office located in Germany, Porthstrasse 5-7, Frankfurt.

Overall, the missionary programme for 2013 finished within budget.

Family History

In the United Kingdom The Charity now has 121 Family History Centres operating at 2013 year end. These research facilities are used extensively by members of the public, with approximately 70% of patrons not being members of The Church.

Achievements in Family History during 2013 were:

- Participated in the “Who Do You Think You Are?” event at the Olympia, London for the seventh year in succession. Also participated in or sponsored local units to participate in ten other Family History fairs in the UK.

Family history (continued)

- Thirty-five volunteers (Church-service missionaries – ‘CSM’) work in the FamilySearch Support EMEA Contact Centre –the online and phone helpdesk. Along with other English-language volunteers located elsewhere in the world, they typically handle 380 telephone cases/month; 80 chat interactions/month and answer 190 e-mail cases/month.
- The four volunteer Area Family History Advisers continued to be trained and supported in their work with UK priesthood leaders.
- Imaged and replaced 42 Family History Centre personal computers.
- During 2013, efforts continued to increase the numbers of volunteers working to index family history records on-line, through FamilySearch Indexing with over 18,000,000 names indexed. At year-end, there were 4,679 Church member indexers in place, with a significant additional number of non-member indexers.
- Provided webinar presentations from the main Family History Library to Church and community groups.
- Completed the World War 1 indexing project to index the British army pension records. This project was particularly aimed at engaging young people. Over 4 million records were indexed.
- Average of 2,000 non-members a month using Family History centres
- Four full time employees supported by missionaries both full time and CSM’s captured 2,409,800 images. This equates to possibly 17,000,000 records (individual names).
- Agreements have been signed covering in total 2,000,000 new images. Some of these new images have been captured through 2013, the remainder will be captured during 2014
- Increased cooperation with archives for donation of archive images to FamilySearch, thus reducing costs significantly for The Church.
- Continued participation in the affiliate programme, where FamilySearch cooperates with organizations to promote the principle of ‘more records faster to more people.’ This is being accomplished by using indexes already created by Family History Societies and by agreement with commercial companies such as “Find My Past.” Significant benefits for The Church come in reduced costs as well as in a better availability of records on others web sites, freely accessible to FamilySearch members.
- Promoted partnerships, with regards to in-process or completed projects, with organisations such as Ancestry, Find my Past, My Heritage, FreeREG.

Welfare principles

Members were instructed on food storage and budgeting issues as part of the general program of The Church to help members and others become self-reliant. To assist this process guidance pamphlets on these topics were distributed free of charge as well as lessons given in each of the Wards and Branches throughout the year in the UK.

Local leaders of The Church were given counsel and direction on how best to respond to the needs of the poor and needy. This training was undertaken by volunteers who, in addition, provided further training on responding to spiritual, emotional and social needs, resource management and

Debt avoidance, enhancing physical health and well-being and meeting the education and literacy needs of members.

Employment Resource Services

The Employment Resource Services department (ERS) has been managed by one full time employee of the company, Martin Gardner. In addition to the paid work of Martin, a number of missionaries have been assisting individuals to become economically self-reliant through employment, education and self-employment.

There are also numerous volunteers who support the operations of the department, filling such roles as Employment Specialists (these have a responsibility to provide support, training and direct client work where necessary for a number of stakes), stake/district and ward/branch specialists. There are also a number of volunteers serving in the three Employment Centres located in the UK at London, Birmingham and Edinburgh (the latter supports our operations in Northern Ireland), including full time church missionaries. The number of key volunteers that we have working currently in employment specialist positions across the United Kingdom is 33 and the number of volunteers in the employment centres is 11.

Much of the work carried out by the department is centred in, or directly supported by, our three employment centres located in Birmingham, London and Edinburgh.

The core work that is undertaken by ERS is to provide Workshops for small groups of people (these are mainly attended by members of The Church but also sometimes by non-members). The most frequently held workshop is called the Career Workshop and basically this helps people to identify specific career development goals, needs to meet those goals and resources to fulfil the needs. This workshop is usually 10 – 12 hours in duration and usually over two consecutive days. The Self-employment Workshop covers aspects of identifying key needs for successful business development, determining what a person's business goals and objectives are, what resource is needed to meet them and how to access and develop those resources. The Self-employment Workshop is of the same duration of the Career Workshop but is taught over two days with a gap in between to allow time for research and assignments to be completed.

These workshops are held at regular intervals in various locations within the stakes across the country and at the Employment Centres. The workshops in centres are generally held on a more frequent basis due to the availability of people to teach them.

In addition to the Career Workshop and Self-employment Workshop other shorter workshops at the employment centres focused on CV writing and interview skills.

Welfare principles (continued)

Employment Resource Services (continued)

Psychometric testing for developing a work-choice profile for clients is carried out as well as specific one to one personal career counselling/coaching and resource development through use of a Career Assessment Plan.

The employees within ERS have a specific responsibility to provide training and support to local priesthood leaders and specialists serving within the stakes as well as managing the operations of the employment centres and developing resources for potential candidates in identifying suitable employment vacancies and academic/training courses at educational institutions.

Normally each year specific goals and targets are set in helping clients to find placements and set standards of excellence in respect to helping them to find better work. For 2013 the placement goal was 2,000.

Specific Achievements in 2013

ERS have helped to find placements in employment, self-employment or education/training for several hundred people.

The Birmingham centre was remodelled to provide greater accessibility to disabled people.

Work in the community

During 2013 The Charity undertook the following major community initiatives:

Helping Hands projects

Throughout the year The Charity carried out helping hands projects within each of its 45 stakes, whereby members of The Church assist with various social needs activities.

Community Outreach and Community Leader Outreach

In February Elder Jeffrey R. Holland of the Quorum of the Twelve Apostles hosted a goodwill event at the BYU Centre in London with key UK Muslim leaders including three members of the House of Lords, Islamic Relief, Muslim Aid, Muslim Forum, The Islamic Foundation, Chairman and CEO of London International Hospital, and the Muslim Council of Britain, World Islamic Economic Forum, and Faith Regen Foundation.

Response to media inquiries resulting from the advertising campaign for The Book of Mormon musical (of non-Church production) was intensive. There were requests from a number of print and

broadcast media. The contacts developed with the media carried over into the time that the Musical opened in the West End and generated a host of stories about the Church, its members, teachings and programmes which corrected misinformation. Training additional volunteer “National Spokespersons” was required to meet the demand for media interviews throughout Great Britain. Print articles were continuous and the broadcast coverage was unprecedented in the history of the Church in the UK. The amount of positive coverage continued for months leading up to subsequent activities.

“I’m a Mormon” Campaign

Support and response to the media interest in the “I’m a Mormon” campaign coupled with the team of national spokespersons significantly raised the profile of the Church throughout the UK. Government and community leaders, along with leaders of other faiths, developed a respect and appreciation for the values of the Church as well as the contributions made in campaigns with the Royal British Legion Poppy Appeal, NHS blood donation drives and Helping Hands community improvement projects.

The British Pageant

As awareness grew of the Church’s 175+ year history in the UK, the pervasiveness of its 330+ congregations and nearly 200,000 members, The British Pageant brought this enthusiasm to a peak of media coverage by entertaining some 15,000 attendees including community members. A community leader reception was well attended which added to our recognition especially in the Greater Preston area. Elders Nelson, Ballard and Holland visited which set a benchmark of not having that many members of the Quorum of the Twelve Apostles on the island since the dedication of the Preston Temple fifteen years earlier. The Pageant was a capstone to validating the Church in the eyes of the general public and raised the pride and dedication of the members who benefited from the presentation.

Community and Government Increased Recognition – Family Values Awards and Luncheon

One significant result is that the Church is increasingly being acknowledged as an important part of the UK faith community. Community based organisations are seeking the Church’s help. Religious leaders from other faiths are inviting the Church to participate in joint projects. Invitations from government and business leaders to join them at national events in the House of Commons and the House of Lords are happening on a regular basis. The Church hosted a Family Values luncheon in the House of Lords, hosted two events with Professor Clayton M. Christensen on Ethics and Values in the Commons, and hosted the Family Values Awards in the House of Lords.

The Church of Jesus Christ of Latter-day Saints (Great Britain)

Report of the trustees (incorporating the strategic report) for the year ended 31 December 2013

Financial review

Each year the trustees carry out a detailed review of each department of The Charity. They review the previous year's achievements and review and approve the budgets for next year.

The end of the year saw an excellent financial result based on strong financial management. Costs were maintained within budget. There was an increase in the total resources expended. The costs increased from £44,202,000 in 2012 to £47,263,000 in 2013. This was primarily due to an increase in restricted funds' expenditure from £8,327,000 in 2012 to £11,473,000 in 2013 which is mainly attributable to an increase in missionary support fund expenditure of £2,339,000.

Incoming resources saw a decrease from £52,486,000 in 2012 to £48,345,000 in 2013. This was primarily due to a decrease in donation income from the parent company from £17,946,000 in 2012 to £13,275,000 in 2013.

The other incoming resources were donations from Church members (£30,199,000), interest income (£1,000), incoming resources from charitable activities (£1,045,000) and other income (£303,000).

Incoming resources exceeded resources expended for the year by £2,522,000 after taking into account the actuarial gain on the defined benefit pension scheme of £1,440,000.

Investment powers and policy

Under the Memorandum and Articles of Association, The Charity has the power to invest in any way the trustees deem to be in the best interests of The Charity.

The Charity's objective is to maintain high liquidity while ensuring maximum security and achieving the highest possible return.

Reserves policy

The trustees have established the level of reserves (that is those funds that are freely available) that The Charity ought to have ready access to. Reserves are needed to bridge any funding gap between spending and receiving resources through shareholder grants and member donations. The trustees' policy is to hold, as a minimum, the equivalent of approximately 12 months charitable expenditure in reserves.

The actual reserves at 31 December 2013 were £259,725,000 which is significantly above The Charity's target. This significant figure is largely due to the conversion of inter-company debt to grant income that took place in prior years as directed by the parent company.

In calculating reserves, the trustees have excluded from total funds the restricted income funds of £2,005,000. It is the trustees' view that it is prudent to ensure that there are sufficient reserves to provide financial flexibility.

The reserves policy is reviewed on an annual basis.

Plans for the future

Provision of facilities for religious worship

The Charity will continue to review the criteria for deciding when to build new buildings and whether innovative building techniques can achieve cost reductions in contract procurement and construction.

Plans for 2014 include the following:

Real Estate Projects

The acquisition of the following sites are planned in 2014:	
Whitechapel	£ 7,500,000
Welling	£ 3,500,000
Farnborough	£ 4,500,000
Total	£ 15,500,000

Meetinghouse Replacement and Improvement Projects

94 meetinghouse R&I projects are planned in 2014	£ 1,980,859
--	--------------------

Meetinghouse Operations – the cost to operate and maintain meetinghouses in 2014

Operational costs include: Cleaning, Minor Maintenance, Grounds Care, Phone, Utilities, Administration Costs and Rents.	£ 12,400,541
Total estimated operational square feet = 2,214,764	

Religious materials

The Charity will continue to supply religious materials to members and others.

Missionary work

Sufficient budget funds will be allocated to support the continuing growth of The Church and the number of annual convert baptisms.

Family History

Plans for 2014 in Family History encompass the following:

- Continue to increase activity within The Church and the community, in FamilySearch Indexing.
- Recruit and engage with community volunteers to build the FamilySearch Wiki and Forums to provide additional, richer content and research support respectively.
- Influence priesthood leaders to use family history as a resource in missionary efforts.

Report of the trustees (incorporating the strategic report) for the year ended 31 December 2013

Plans for the future (continued)

Family History (continued)

- Engage with Youth and Young Single Adults to increase their participation in family history activity.
- Further develop the webinar concept whereby professional FH researchers at the main Family History Library, deliver remote presentations to both Church and community audiences.
- Full time employees will remain at 4 operators supported.
- Goal for new image capture is 2,500,000 or 13,000,000 records.
- Goal for renegotiated images is 7,500,000 or 30,000,000 records.
- Goal to involve Family History Societies to create community indexing projects.
- Goal of five new affiliate projects to spread costs for The Church, but allowing the flow of records to the web to increase.
- Agreement with The Federation of Family History Societies covering the creation of a new Burial index covering up to 30,000,000 names.
- Create relationships with archives allowing field scanning of microfilm thus reducing costs to The Church.
- Work alongside Family History Patron Services to increase member involvement in name submissions by increased publication of records.

Work in the community

Working through the Public Affairs Department, The Charity will continue its efforts in 2014 as follows:

- Law and Religion Symposium at Oxford focussing on religious tolerance (co-sponsored by Brigham Young University).
- The national blood drives will continue under the Mormon Helping Hands umbrella and stakes will also embark on local clean-up projects.
- Cooperation with the Royal British Legion with the Poppy Appeal.
- Continued outreach to community groups and opinion leaders (including Interfaith, Academic and Business groups).

Welfare principles

A provisional goal of 650 placements in employment, self-employment or education has been set as departmental objectives and metrics are reviewed as we prepare the transition to the new department of Self-reliance Services during this year.

It is expected that a number of stakes will be opening locally run employment centres for a few hours each week. ERS will provide support to such centres.

The Church of Jesus Christ of Latter-day Saints (Great Britain)

Report of the trustees (incorporating the strategic report) for the year ended 31 December 2013

Principal risks and uncertainties

The main risk The Charity faces is that it relies on donations from members and parent company donations to finance its charitable activities. However, the parent company has guaranteed its future financial support, where necessary, to ensure that The Charity has sufficient reserves to meet the costs of its charitable activities. Other forms of risks and the management of those risks are:

Risk management

- Price risk – salary costs are communicated to staff during the formal annual review of salaries. Prices of materials purchased are subject to contracts with suppliers, based on current market prices.
- Credit risk – Credit risk on amounts owed to The Charity by its customers is low as the majority of its debtors have been contracted frequently by The Charity in the past and have a proven reliability.
- Liquidity risk – The Charity has no long-term borrowings. Assurances of continuing financial support have been received from the parent company.
- Interest rate cash flow risk – The Charity is able to place surplus funds on short term deposit with The Charity's bankers.

The trustees have a risk management strategy which encompasses:

- an annual review of the risks The Charity may face;
- the establishment of systems and procedures to mitigate those risks identified in the strategy; and
- the implementation of procedures designed to minimise any potential impact on The Charity should those risks materialise.

Report of the trustees (incorporating the strategic report) for the year ended 31 December 2013

Trustees' responsibilities in relation to the financial statements

The trustees (who are also directors of The Charity for the purposes of Company Law) are responsible for preparing the Report of the trustees (incorporating the strategic report) and the financial statements in accordance with applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under that law the trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company Law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period.

In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the Charities SORP;
- Make judgements and accounting estimates that are reasonable and prudent;
- State whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy, at any time, the financial position of the charitable company and enables them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees confirm that:

- so far as each trustee is aware there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all the steps that they ought to have taken as trustees in order to make themselves aware of any relevant audit information and to establish that the charitable company's auditor is aware of that information.

The report of the trustees (incorporating the strategic report) was approved on behalf of the trustees by:

Robert John Mulligan

Independent auditor's report to the members of The Church of Jesus Christ of Latter-day Saints (Great Britain)

We have audited the financial statements of The Church of Jesus Christ of Latter-day Saints (Great Britain) for the year ended 31 December 2013 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement, the accounting policies and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and its members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditor

As explained more fully in the Trustees' Responsibilities Statement set out on page 17, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/apb/scope/private.cfm.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 December 2013 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Independent auditor's report to the members of The Church of Jesus Christ of Latter-day Saints (Great Britain)

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Report of the Trustees (incorporating the strategic report) for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Accounting policies

for the year ended 31 December 2013

The financial statements are prepared in accordance with applicable accounting standards in the United Kingdom and in accordance with the Statement of Recommended Practice (SORP), Accounting and Reporting by Charities 2005. A summary of the significant accounting policies which have been applied consistently, are:

BASIS OF ACCOUNTING

The financial statements are prepared on a going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006. The parent company has guaranteed its future financial support, where necessary, to ensure that The Charity has sufficient reserves to meet the costs of its charitable activities.

FRS 18

The trustees have reviewed the accounting policies and confirmed that they are the most applicable.

INCOMING RESOURCES

Donations represent amounts collected from United Kingdom members on a receivable basis, together with income tax recoverable for amounts paid under Gift Aid. Deferred income relates to advance payments for certain regional activities held by the company.

Temple income represents income generated from the sale of literature and supplies to visitors and use of temple facilities.

Periodically, further donations are received from the company's parent company, The Corporation of the Presiding Bishop of The Church of Jesus Christ of Latter-day Saints, to provide funds for the company's charitable activities and to ensure that the company has adequate reserves. These donations may be received by way of cash or partial cancellation of amounts due to the parent company. These donations are separately disclosed in the statement of financial activities and income and expenditure account.

RESOURCES EXPENDED

Resources expended comprises expenditure on charitable activities and governance costs. Costs are either specifically identified or apportioned on an appropriate basis between charitable activities and governance costs of the charity.

Charitable activities expenditure comprises the direct costs related to the achievement of the charitable objectives and an analysis of these costs are provided in note 2.

Governance costs are those costs that relate to activities which provide the governance infrastructure which allows the charity to operate and to generate the information required for public accountability. They include the strategic planning processes that contribute to future development of the charity, any legal advice to trustees, external audit costs and costs associated with constitutional and statutory requirements. A breakdown is provided in note 3.

Expenditure is recognised on an accruals basis.

INVESTMENTS

Investment income is recognised on an accruals basis.

LIABILITIES

Future liabilities are recognised when the charity has a legal or constructive financial obligation, that can be reliably estimated and for which there is an expectation that payment will be made.

STOCK

Stock is valued at the lower of cost (determined under a weighted average method) and net realisable value. Net realisable value is based on estimated selling price less further costs expected to be incurred to completion and disposal. Provision is made for obsolete and slow-moving items or items provided free of charge.

THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS (GREAT BRITAIN)

Accounting policies (continued)

for the year ended 31 December 2013

TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets are stated at historic purchase cost less accumulated depreciation. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Individual fixed assets costing £5,000 or more are capitalised at cost. Depreciation is provided on all tangible fixed assets, other than freehold land and assets in the course of construction, at rates calculated to write down each asset to its estimated residual value evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Land improvements	over 50 years
Plant and equipment	over 10 years
Motor vehicles	over 4 years

Where appropriate provision has been made for impairment in the value of tangible fixed assets.

OPERATING LEASES

Rentals applicable to operating leases, where substantially all of the benefits and risks of ownership remain with the lessor, are charged to the statement of financial activities on a straight line basis over the lease term.

FOREIGN CURRENCY TRANSLATION

Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the income and expenditure account.

PENSION COSTS

The company operates a defined benefit pension scheme. Scheme assets are measured at fair values. Scheme liabilities are measured on an actuarial basis using the projected unit method and are discounted at appropriate high quality corporate bond rates. The net surplus or deficit is presented separately from other net assets on the balance sheet. A net surplus is recognised only to the extent that it is recoverable by the company. Pension costs are accounted for under Financial Reporting Standard (FRS) 17. The disclosures required by Financial Reporting Standard (FRS) 17 are included in the notes to the financial statements (see note 20).

Current and past service costs are charged to operating profit. The expected return on pension scheme assets net of interest costs on pension liabilities, are included within other finance income and actuarial gains and losses are included on the face of the statement of financial activities.

FUND ACCOUNTING

General funds are unrestricted funds which are available for use at the discretion of the trustees in accordance with the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the trustees for particular purposes.

Further explanation of the nature and purpose of each restricted fund is included in the notes to the accounts (see note 8).

8 Restricted funds (continued)

Missionary support fund

The missionary support fund represents donations from members in the United Kingdom and Ireland towards the costs of The Church's worldwide missionary fund programme which is co-ordinated and administered by the parent company, The Corporation of the Presiding Bishop of The Church of Jesus Christ of Latter-day Saints. In addition, an amount of £7,443,000 has been transferred from unrestricted funds to support this programme. During each year, funds are transferred to the parent company as authorised by the trustees (2013: £8,633,000, 2012: £6,294,00). Funds authorised for specified missionaries are released evenly over their mission term of either 18 months or two years. The balance unexpended at the year end represents funds authorised but not yet transferred in respect of specified serving missionaries and funds reserved for future missionaries.

Book of Mormon fund

These funds are donated by the members towards the production and distribution costs of 'The Book of Mormon - Another Testament of Jesus Christ'. This book is printed by The Church of Jesus Christ of Latter-day Saints. The balance of these funds at 31 December 2013 was transferred after the year end to The Corporation of the Presiding Bishop of The Church of Jesus Christ of Latter-day Saints.

Temple construction fund

These funds are donated by the members towards the cost of constructing temples by The Church of Jesus Christ of Latter-day Saints in any country throughout the world. The balance of these funds at 31 December 2013 was transferred after the year end to The Corporation of the Presiding Bishop of The Church of Jesus Christ of Latter-day Saints.

20 Pension and other post-employment commitments

In conjunction with Farmland Reserve UK Limited, a charity also owned by the Corporation of the Presiding Bishop of the Church of Jesus Christ of Latter-day Saints, the Company operates a defined benefits plan based on final pensionable pay, The Deseret UK Benefit Plans ("The Plan") which was approved under Chapter 1 Part XIV of the Income and Corporation Taxes Act 1988. The Plan is contracted out of the State Second Pension.

The assets of The Plan are held separately from the assets of the Company. The most recent triennial valuation, using the projected unit basis, as at 31 December 2010, showed that the value of the Plan's assets was 100% of the value of the benefit accrued to members after allowing for future increases to earnings. The next triennial valuation as at 31 December 2013 will be available by 31 December 2014. The market value of The Plan's assets was £45,748,000 excluding money purchase additional voluntary contributions (AVCs). The following assumptions were adopted for the above valuation:

Investment return (before retirement)	6.80% pa
Investment return (after retirement)	4.63% pa
Average Salary Increases	5.10% pa
Retail price inflation	3.60% pa
Pension Increases (post 04/1997)	3.50% pa

In order to produce the 2013 disclosures required under FRS17 a full valuation, as at 31 December 2010, has been updated, by an independent qualified actuary, using the assumptions as shown below:

	31 December 2013	31 December 2012	31 December 2011
Retail Price Index	3.60% pa	2.80% pa	2.90% pa
Consumer Price Index	2.50% pa	2.00% pa	2.10% pa
Discount rate	4.60% pa	4.20% pa	4.70% pa
Increases in payment (post 04/1997 to 04/2006)	3.40% pa	2.75% pa	2.85% pa
Pensionable salary increases	5.10% pa	4.30% pa	4.40% pa

The mortality assumptions used were as follows:

	31 December 2013	31 December 2012	31 December 2011
Life expectancy aged 65 now			
- Men	22.6	22.5	22.4

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the balance sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

On this basis, the balance sheet figures required under FRS17 are as follows:

	31 December 2013		31 December 2012		31 December 2011
